

How To Calibrate the TRC-1280's Touch Screen

Last Modified on 05/10/2016 3:37 pm EDT

This article shows how to **calibrate** the touch screen of the **TRC-1280**.

1. Hold down the **main** and **select** buttons simultaneously on the remote for approximately 5 second so enter the **setup screen**.
2. Select **calibration**.
3. A window pops up that reads "**Do you want to calibrate?**", select **YES**.
4. The following screen displays a message that reads "**Carefully press and hold stylus. Repeat as the target moves around.**"
