

MX-990 Won't Take a Download (Fails to Download)

Last Modified on 09/09/2021 9:58 am EDT

Symptom: While the MX-990 is connected to the PC, it fails to take program download.

Solution:

1. Remove the battery,
 2. Wait for 1+ minute
 3. Re-insert the battery
 4. Connect the remote back to the PC
 5. Wait 15+ seconds, then try re-downloading the program.
